HOMOZYGOUS BLACK - Here he is, the complete package, Jo Atomic 8008. There is a reason the ABHA is using this bull as its flagship bull on advertisements. His dam of distinction mother has 15 progeny recorded at 104.9% WWR and 103.3 YWR. His father is the famous high selling Bullseye bull. Jo Atomic 8008 is 89.75% and Homozygous Black. We feel that Jo Atomic 8008 will really change the breed, so we have reduced semen on him to \$25/straw. Exportable semen is available. We have semen at Alta Genetics in Canada.
